Advanced Placement Scholar

The AP Scholar program is a four-year college preparatory program designed to provide McCaskey students with an educational foundation of critical thinking and analytical skills as well as the improvement of written, oral and presentation skills.

McCaskey Mission Statement

The McCaskey High School, a diverse learning community, prepares all students to meet their highest potential as successful, resourceful, productive, and thriving citizens through increased academic demand and preparation for real life applications in an ever-changing world.

Special Thanks

McCaskey High School would like to thank the families, friends and staff for their commitment and diligence in supporting these students to achieve this academic success. In addition, appreciation is extended to Dr. Brian McDonald, Instructional Manager of Secondary English Language Arts, Social Studies, and Advanced Programs Mr. Ben Deardorff, IB Diploma Coordinator, Mrs. Alison Browning, Theory Of Knowledge Teacher. We would also like to thank the district administration and school board for their continued support and encouragement, without which these achievements would not be possible.

Finally, much appreciation to the Music Department.

Diplomas

The IB Diploma is a rigorous academic program in which students are required to take IB courses in English, a World Language, History, Science, Mathematics, and an Elective. The Elective requirement may be satisfied by taking a second course in any of the subject areas or a course in the subjects of Art, Music, or Theatre.

In addition to the challenging coursework and rigorous exams, the Diploma Program is united by a core of three critical components: The Extended Essay; Creativity, Activity and Service; and the Theory of Knowledge.

Certificates

McCaskey students may take any IB class and test for potential college credit. These students commit themselves to each course's demanding academic study and assessments that include a project and up to 3-1/2 hours of testing that are sent to examiners around the world.

McCaskey is one of the few IB schools that allows open access of IB classes to non-Diploma students.

Career-Related Programme

The IB Career-Related Programme prepares students for the workforce. Being collaborative, a critical thinker, and resilient are some of the characteristics that are reflective in our CP students. Students who receive this certificate are able to earn college credits that will help them complete their degree/certificate at vocational schools.

Music Performance

"It's the most wonderful time of the year **Eddie Pola**
and George Wyle, arranged by Kirby Shaw
Performed by McCaskey Chamber Choir
